BRITISH NAVY RAIDS HUN U-BOAT BASES AT OSTEND AND ZEEBRUGGE

PRESIDENT IS CRITICIZED FOR NOT USING POWER HE ALREADY HAS

Talking to Overman Bill Senator Sherman Says Secretary Baker Is Half Socialist and Other Half Pacifist.

TOWNLEY IS ACCUSED OF TAKING HUN MONEY

McKeller Says Fire 'S1-a-Year-Men' and Employ Others and Thereby Save Government Billion Dollars Year.

(BY MORNING JOURNAL SPECIAL LEASED WIRE) Washington, April 23.—A vehement attack upon President Wilson and some of the members of his official family by Senator Sherman of Illinois, republican, marked the last day of an unlimited debate in the senate on the overman bill which would give the president general powers for reorganizing government agencies during the war.

In a long speech opposing the measure and asserting that the executive had not used properly authority already possessed, the Illinois senator criticized particularly Secretaries Baker and Wilson, Postmaster General Burleson and George Creel, chairman of the committee on public information. He declared the president had surrounded himself with socialists and that he could "smother the bunch of economic fakirs and howling derisives" now in office.

Work at Cross Purposes.
Senators Ransdell of Louisiana, and McKellar of Tennessee, democrats, spoke for the bill, urging that many departments are working at cross purposes under the present peacetime system and that "red tape" must be eliminated if maximum results are to be obtained.

Since the president will be held responsible for success of the nation's war effort, said Senator Ransdell, he should be given the authority he thinks necessary.

In an effort to hasten action, after 2 o'clock tomorrow afternoon each senator will be limited by agreement to thirty minutes' discussion of the bill itself and to twenty minutes on each amendment offered.

Senator Sherman said today Secretary Baker is "half socialist and the other half pacifist" and that Secretary Wilson and Postmaster General Burleson are state socialists.

Save Billions Annually.
He also paid his respects to Assistant Secretary of Labor Post, Assistant Secretary of Agriculture Vrooman and "invigorated" against what he called the spread of Bolshevism propaganda in this country.

Attacking the non-partisan league, the Illinois senator said its president, A. C. Townley, represents German influence and "has got pro-German money some place."

Referring to the council of national defense as a "non-descript" organization, Senator McKellar, who is a member of the military committee, said the president should be given power to eliminate the "S1-a-year-men" on that body; select those who are efficient and put them to work at reasonable wages.

If this government had a centralized system for the purchase of supplies, he declared \$1,000,000,000 could be saved annually during the war.

Huns Execute a Nun.

Amsterdam, April 23.—A dispatch from a point on the Belgian border reports that fourteen Belgians, including a priest and a nun, have been shot at Antwerp on the charge of espionage.

HINDUS FOUND GUILTY.

San Francisco, April 24.—Twenty-nine defendants charged with conspiracy to violate the neutrality of the United States through plots to foment revolt against British rule in India, were found guilty in a verdict announced shortly after midnight this morning by a jury in the United States federal court.

THE WEATHER

FORECAST.

Denver, Colo., April 23.—For New Mexico: Fair except rain or snow northeast portion Wednesday night or Thursday. Cooler.

LOCAL REPORT.

A summary of local weather conditions for the twenty-four hours ended at 6 p. m. yesterday follows: Maximum temperature, 77 degrees; minimum temperature, 35 degrees; range, 42 degrees; wind, southwest; clear.

M'ADOO AND HIS PARTY DUE HERE ON TRAIN NO. 2 THIS AFTERNOON

Secretary of the U. S. Treasury and His Wife Will Be Albuquerque's Guests for Several Hours.

BIG MASS MEETING AT ARMORY TONIGHT

Following a Dinner at the Y. M. C. A. at 6 o'clock, the Distinguished Visitor Will Address Duke City People.

Albuquerque will enjoy the distinction today of entertaining Secretary of the Treasury William C. McAdoo and his wife. Mr. McAdoo, as everybody knows, is perhaps the busiest man, aside from President Wilson, in the nation today. In his position as secretary his duties have been more numerous and onerous than those of his predecessors. It has fallen to his lot to organize the federal reserve bank system, the farm loan banks and to finance the war. In addition to his duties as head of the treasury department he is also running the railroads of the country. His present trip, however, is being made as secretary of the treasury and not as director general of railroads. He is out in the interest of the Third Liberty Loan and it is with this important question that he will deal while in our midst.

Albuquerque's quota is nearing the \$600,000 mark, but there remains in the neighborhood of \$150,000 to be raised if the news is to be flashed to Dallas that we have gone "over the top." Workers are expected to start.

(Continued on Page Two.)

ROSE P. STOKES IS NOT FOR THIS FREE GOVERNMENT

Wife of Wealthy Socialist Enters Plea of Not Guilty When Arraigned on Plea of Violation of Espionage Act.

(BY MORNING JOURNAL SPECIAL LEASED WIRE) Kansas City, April 23.—Mrs. Rose Pastor Stokes, lecturer and wife of the wealthy socialist, J. C. Philp Stokes of New York, was arraigned before Judge A. S. Van Valkenburg late today and entered a plea of not guilty, following her indictment on three counts for alleged violation of the espionage act.

Judge Van Valkenburg set the trial for May 20. Bond was fixed at \$10,000, which was furnished by a surety company.

Mrs. Stokes was arrested at Willow Springs, Mo., March 22, after she had made an address objectionable to the federal authorities.

Mr. Stokes was present in court. One of the causes contributing to the arrest and subsequent indictment of Mrs. Stokes was the publication of a letter over her signature sent her to the Kansas City Star in which she said she had been misquoted in an interview previously published by that paper.

The interview was obtained when Mrs. Stokes was here for an address before the Women's Dining Club. Following this she spoke in several southern Missouri towns, until her arrest at Willow Springs.

In her correction to the Star she said in part:

"A heading in this evening's issue of the Star reads: 'Mrs. Stokes for Government and Against War at the Same Time.' I am not for the government. In the interview that follows I am quoted as having said: 'I believe the government of the United States should have the unqualified support of every citizen in its war aims.'"

"I made no such statement and I believe no such thing. No government which is for the profiteers can also be for the people and I am for the people. While the governments for the profiteers."

APRIL FUR SALE NETS MUCH AT ST. LOUIS

(BY MORNING JOURNAL SPECIAL LEASED WIRE) St. Louis, Mo., April 23.—Sales of more than \$700,000 today at the April fur sale being conducted here brought the total sales up to \$1,189,000 for the two days of the sale. Russian furs were in demand today, 2,016 of them bringing \$250,000. Several of the sales brought \$275 a piece. The price has advanced 10 per cent since the January sale.

THE HUNS DID THIS

"French soldiers, after having seized and killed the German garrison, discovered in a clothes closet the body of a French girl of 18, tortured by the soldiers of the Saxon Guard and nailed to the wall by a bayonet."—From the Franco official report on German atrocities at the farm of M. Abne (military file), September 26, 1915.

The above is the first of five pictures painted for the French government from incidents authenticated by French official reports, the accuracy of which is vouched for by President Poincare and General Joffre. The artist is Ferdinand Gaudry, and the pictures are on exhibition at 677 Fifth Avenue, New York, the house loaned to the Committee for the Relief of Disabled French Soldiers by Colonel Cornelius Vanderbilt.

WAR ON TURKEY AND BULGARIA SEEMS IMMINENT

(BY MORNING JOURNAL SPECIAL LEASED WIRE) Washington, April 23.—War on Turkey and Bulgaria was discussed today in the senate with several senators announcing their willingness to vote for such a declaration. No action was taken.

The debate came up on a resolution by Senator Brandegee of Connecticut, republican, calling on the foreign relations committee for action on a war resolution introduced by Senator King of Utah, democrat. Senator Brandegee readily accepted a substitute by Senator Knox, republican of Pennsylvania, asking President Wilson to inform the senate, if it be not incompatible with public interest, whether a declaration of war on Germany's two allies by the United States is not desirable. There was no vote, senate rules requiring the matter to go over for a day, and Senator Brandegee said tonight he would not renew the discussion tomorrow, believing publicity given the question would cause the foreign relations committee to give it early consideration.

The first evidence of the new phase was the announcement tonight that \$37,124,000 had been reported today, making the total obtained in the entire country up to the present \$1,077,678,000, or 55 per cent of the three billion dollar minimum. This is the largest sum ever reported in one day and does not include a new report from the Dallas district, which celebrated a holiday yesterday.

New Mexico has subscribed \$354,200.

AN ELDERLY MAN AND LITTLE GIRL DROWNED

(BY MORNING JOURNAL SPECIAL LEASED WIRE) El Paso, Tex., April 23.—The bodies of J. R. Pender, aged 56, and Anna Walkie, aged 10, were recovered from the bottom of a lock in the Rio Grande irrigation system, 60 miles above El Paso, late today, according to a telephone message received here tonight.

Pender and the little girl had been missing since yesterday when they went fishing in a skiff. When they failed to return last night the alarm was sent out and ranchers joined in the search along the river below the lock. The empty boat was found overturned in the river today and when the lock was drained the bodies were found.

LIBERTY LOAN IS MORE THAN HALF IN HAND

Treasury Officials Expect This Week Will See Greater Energy Than at Any Time Since Bonds Were Opened.

(BY MORNING JOURNAL SPECIAL LEASED WIRE) Washington, April 23.—Allegations reaching the treasury tonight indicated that in the balance of the week the country will witness the largest outpouring of Liberty Loan subscriptions since the action went to war.

Months of preparation and two weeks' campaigning seem to be bearing full fruit, and reports to headquarters tonight predicted that whole federal reserve district, states and cities would reach their minimum goals by the end of the week, and spend next week in gathering over-subscriptions.

The first evidence of the new phase was the announcement tonight that \$37,124,000 had been reported today, making the total obtained in the entire country up to the present \$1,077,678,000, or 55 per cent of the three billion dollar minimum. This is the largest sum ever reported in one day and does not include a new report from the Dallas district, which celebrated a holiday yesterday.

New Mexico has subscribed \$354,200.

IMPERSONATES OFFICER AND HE LANDS IN JAIL

(BY MORNING JOURNAL SPECIAL LEASED WIRE) Chicago, April 23.—Stanley Edward Fenton, who is said to have impersonated himself as a "Lieutenant in President Wilson's military staff," spent tonight in jail here before continuing a trip back to Colorado Springs to face charges of obtaining money under false pretenses and impersonating an army officer. Fenton, who is in the custody of J. H. Weir, sheriff of El Paso county, Colorado, was arrested in Baltimore recently.

GERMAN MAYOR MICHIGAN CITY PLACED IN JAIL

Washington, April 23.—Fredrick J. Miller, the German mayor of Michigan City, Ind., was arrested and locked up as an enemy alien when he came here today to discuss with federal officials the prospects for completing his naturalization.

He took out first papers before the United States went to war.

PHOENIX MINERS DON'T WANT TO QUIT FOR MOONEY

(BY MORNING JOURNAL SPECIAL LEASED WIRE) Phoenix, Ariz., April 23.—A group of members of organized labor in this city today indicated opposition to the resolution adopted the night before in the name of the Arizona Federation of Labor, calling for a May Day strike as a protest against the execution of Thomas J. Mooney. T. J. Cronin, president of the federation, who signed the resolution, is a member of the labor committee of the state council of defense and federal labor commission for this state. Members of the council today declined to be interviewed regarding the action of Cronin.

Governor Hunt also stated that he would make no comment on the resolution.

BUY AN AUTO TODAY; PRICE IS GOING UP

(BY MORNING JOURNAL SPECIAL LEASED WIRE) Washington, April 23.—Leading automobile manufacturers of the country met today with officials of the food administration and war industries board to agree upon a voluntary curtailment of passenger automobile manufacture which probably will total 25 per cent after July 1. There already has been a 50 per cent curtailment between efforts.

Final action was not taken owing to the failure of several manufacturers to reach the city in time for the meeting.

It is expected that within the next six or two a sufficient representation of the industry will act together to curtail the production.

It was stated by members close to the manufacturers and the fuel administration that the manufacturers have recognized that strict restriction of the output of pleasure and other passenger cars would be made necessary owing to the shortage of chrome and tungsten. The fuel administration, it is understood, has determined on a 25 per cent curtailment, and the manufacturers probably will agree to it.

It is expected a formal order will be issued in ten days or two weeks, effective July 1.

The policy of the government will be to curtail to war with the facilities of chrome from the curtailment order.

Michigan Is Sought.

St. Paul, Minn., April 23.—A petition for an injunction against persons in the state against the Michigan Federation of Labor, which was filed today in the district court, to restrain them from organizing and threatening on state lands in eastern Michigan.

Hungarians to Belgium.

Washington, April 23.—Diplomatic dispatches today from Bern said Hungarian troops have arrived in Belgium. Many troop trains, it was said, have passed through Liege. The presence of many Austrians was reported also at Antwerp and Ghent.

BRUGES CANAL IS BLOCKED BY BLOWING UP OF CONCRETE SHIPS

According to Scanty Reports Received at London, Attack Was Quite Successful, English Losses Being Small.

OFFICER WHO CONCEIVED ATTACK KILLED IN FIGHT

Storming Parties Landed on Mole From Cruiser Vindictive; Submarine Depot Is Badly Damaged, Advises.

(BY MORNING JOURNAL SPECIAL LEASED WIRE) London, April 23.—British naval forces today raided the German submarine bases of Ostend and Zeebrugge, the admiralty announced. Five old cruisers which had been filled with concrete for use in blocking the channels were run aground, blown up and abandoned by their crews. The admiralty reports that according to incomplete information thus far received the raid met with a reasonable measure of success.

The statement follows: "Early this morning a naval raid was made on Ostend and Zeebrugge, which are being used by the enemy as destroyer and submarine bases. Our forces are returning."

Use of Auxiliary Cruisers.
With the exception of covering ships, the raiding force consisted of auxiliary vessels and six obsolete cruisers. Five of these cruisers, filled with concrete, were used as block ships and after being run aground were, in accordance with orders, blown up and abandoned by the crews. A further communique will be issued when reports have been received from the ships which are now returning to their bases.

In all probability the entrance to the Bruges canal has been blocked effectively in consequence of the naval raid. Sir Eric Geddes, first lord of the admiralty, announced today in the House of Commons that the raid was the whole operation. Sir Eric said, was regarded as very successful.

Soldiers Are Landed.
While the operation was in progress, Sir Eric announced, British parties were landed to obstruct the enemy. The officer who conceived the scheme of attack was killed.

Storming parties were landed on the mole from the cruiser Vindictive. The casualties on the cruiser, said Sir Eric, were heavy in proportion to the number engaged. An enemy destroyer was torpedoed at Zeebrugge. Two of the blockading ships were sunk and blown up at the entrance to the Bruges canal. The raiding party landed on the mole at Zeebrugge was blown up by an obsolete submarine filled with explosives.

Losses Are Slight.
The casualties to British craft, Sir Eric said, were one destroyer and two coastal motor boats sunk and two launches missing.

At Ostend two of the blockading ships were run ashore and blown up. The French coast-guard in the harbor, Sir Eric said, had been captured. He characterized it as an extremely gallant and hazardous undertaking, carried out under unknown conditions of navigation. There was a high development of the smoke attack.

The object, he continued, was to block the entrances to Ostend and Zeebrugge. Monitors were used in addition to storming parties and blockading ships.

Are Under Heavy Fire.
The storming parties attacked under an extremely heavy fire and fought with the greatest gallantry, maintaining their position alongside the mole for an hour, Sir Eric said. They were believed to have caused much damage to the enemy.

The objectives for the storming and demolition parties on the mole were the enemy forces holding it, the battery upon it and destroyer and submarine depots and a large seaplane base upon the mole. After re-embarking the landing parties the vessels engaged in this movement withdrew.

This attack was intended primarily to engage the attention of the garrison on the mole, thereby making it possible for the blockading ships to enter the harbor.

The ports of Ostend and Zeebrugge on the Belgian coast are the principal bases for the operations of the submarines in their campaign against shipping in the North Sea and English channels.

They are of great importance to the Germans for this purpose and it has been recognized by the allies that to deprive the enemy of them would be one of the most effective means of dealing with the submarines.

An attack on these ports by the British fleet has been urged but the British naval authorities apparently regard the land defenses as too strong to make this practicable. Various measures have been adopted to destroy German submarines on entering or leaving these ports. Field Marshal Haig's offensive in Flanders last summer was generally believed
